

Preventive care covered with no cost sharing

Checkups, screenings, vaccines, prenatal care, contraceptives and more with no out-of-pocket costs

Good news! Your health benefits cover the services listed here with no cost to you as part of your preventive care.

This includes routine screenings and checkups. It also includes counseling you get to prevent illness, disease or other health problems.

Many of these services are covered as part of physical exams, including regular checkups and routine gynecological and well-child exams. You won't have to pay out-of-pocket for these preventive visits when you visit a doctor in your provider network.

But these services are generally not preventive if you get them as part of a visit to diagnose, monitor or treat an illness or injury. Then copays, coinsurance and deductibles may apply.

Meritain Health follows the recommendations of national medical societies about how often children, men and women need these services. Be sure to talk with your doctor about which services are right for your age, gender and health.

Covered preventive services for adults generally include:

Screenings for:

- Abdominal aortic aneurysm (one-time screening for men of specified ages who have ever smoked)
- Alcohol misuse
- Blood pressure
- Cholesterol (for adults of certain ages or at higher risk)
- Colorectal cancer (for adults over 50)
- Depression
- Type 2 diabetes (for adults with high blood pressure)
- HIV

- Lung cancer (for adults age 55 and over with history of smoking), effective January 1, 2015

Obesity

- Syphilis (for all adults at higher risk)

Tobacco use

Medications and supplements:

- Alcohol misuse
- Diet (for adults with hyperlipidemia and other known risk factors for cardiovascular and diet-related chronic disease)
- Obesity
- Sexually transmitted infection (STI) prevention (for adults at higher risk)

- Tobacco use (including programs to help you stop using tobacco)

Immunizations:

Doses, recommended ages and recommended populations vary.

- Diphtheria, pertussis, tetanus (DPT)
- Hepatitis A and B
- Herpes zoster
- Human papillomavirus (HPV)
- Influenza
- Measles, mumps, rubella (MMR)
- Meningococcal (meningitis)
- Pneumococcal (pneumonia)
- Varicella (chicken pox)

Covered preventive services for women.

Screenings and counseling for:

- The minimum age for a preventive mammogram is 40
- BRCA (counseling and genetic testing for women of high risk with no personal history of breast and/or ovarian cancer)
- Breast cancer chemoprevention (for women at higher risk)
- Breast cancer (mammography every one to two years for women)
- Cervical cancer (for sexually active women)
- Chlamydia infection (for younger women and other women at higher risk)
- Gonorrhea (for all women at higher risk)
- Interpersonal or domestic violence
- Osteoporosis (for women over age 60 depending on risk factors)

Medications and supplements:

- Folic acid supplements (for women of child-bearing ages)
- Risk-reducing medications such as tamoxifen and raloxifene, for women age 35 and older at increased risk for breast cancer, effective October 1, 2014

Contraceptive products and services:

- Prescribed FDA-approved female over-the-counter or generic contraceptives² when filled at an in-network pharmacy
- Two visits a year for patient education and counseling on contraceptives is also covered under your Meritain Health medical plan

Covered preventive services for pregnant women.

- Routine prenatal visits (you pay your normal cost share for delivery, postpartum care, ultrasounds or other maternity procedures, specialist visits and certain lab tests)
- Anemia screenings
- Diabetes screenings
- Bacteriuria urinary tract or other infection screenings
- Rh incompatibility screening, with follow-up testing for women at higher risk
- Hepatitis B counseling (at the first prenatal visit)
- Expanded counseling on tobacco use
- Breastfeeding interventions to support and promote breastfeeding after delivery, including up to six visits with a lactation consultant

- Certain standard electric breastfeeding pumps (non-hospital grade) any time during pregnancy, or while you are breastfeeding once every three years
- Manual breast pump any time during pregnancy, or after delivery for the duration of breastfeeding
- Breast pump supplies if you get pregnant again before you are eligible for a new pump

This material is for information only. Health benefits plans contain exclusions and limitations. Not all health services are covered. See plan documents for a complete description of benefits, exclusions, limitations and conditions of coverage. Information is believed to be accurate as of the production date; however, it is subject to change.

1 Employers with grandfathered plans may choose not to cover some of these preventive services, or to include cost share (deductible, copay or coinsurance) for preventive care services. Certain religious employers and organizations may choose not to cover contraceptive services as part of the group health coverage.

2 Brand-name contraceptive drugs, methods or devices only covered with no member cost-sharing under certain limited circumstances when required by your doctor due to medical necessity.
